

SALON SODARI

Full-Stack Web Developer · Computer Engineering Student

Kalanki, Kathmandu, Nepal | +977 974-2590718 | sodarisalon26@gmail.com
github.com/SalonChand

PROFESSIONAL SUMMARY

Computer Engineering undergraduate and self-driven full-stack developer with hands-on experience designing, building, and deploying production web applications — from e-commerce platforms and school management systems to community-service PWAs. Strong in the JavaScript ecosystem (React, Node.js, Express) with real-world deployment experience on Vercel, Render, Firebase, and GitHub Pages. Combines technical development with a background in graphic design and UI/UX to deliver polished, mobile-first products end to end.

TECHNICAL SKILLS

- **Frontend:** React, JavaScript (ES6+), HTML5, CSS3, Three.js, responsive & mobile-first design, Progressive Web Apps (PWA)
- **Backend:** Node.js, Express, REST APIs, Socket.IO (real-time), JWT authentication
- **Databases & Cloud:** MySQL, SQLite, Firebase (Auth, Realtime Database)
- **Deployment & Tools:** Git & GitHub, Vercel, Render, GitHub Pages, PWABuilder, Windows/PowerShell
- **Other:** Python, UI/UX design, graphic design & photo editing, application security hardening (helmet, rate limiting, CORS)

PROJECTS

The Atelier — Luxury Fashion E-Commerce Platform | [React](#) · [Firebase](#) · [Three.js](#)

Live: [theatelier-ta.com](#) · [github.com/SalonChand/the-atelier](#)

- Built a full e-commerce experience with an interactive 3D product gallery, customer segmentation tiers, and a campaign management system with scope-aware discounts.
- Developed a 3D garment customizer with UV texture painting, QR-coded packing slips, and automated weekly digest emails.

JD Marksheets — School Management System (PWA) | [Node.js](#) · [Express](#) · [SQLite](#)

[github.com/SalonChand/JD-Marksheets](#) · Built for John Dewey H.S. School, Kathmandu

- Full-featured school platform with role-based portals for admins, grade teachers, subject teachers, students, and guardians, with strict per-role data isolation.
- Features include digital marksheets, class timetables, notice board, guardian multi-child linking, a “Today at School” dashboard, and an installable offline-capable PWA.

LocalAid Nepal — Community Aid Platform (PWA) | [React](#) · [Express](#) · [MySQL](#)

[github.com/SalonChand/localaid-nepal](#)

- Community help-request platform with an emergency SOS feature, mobile-first navigation, and installable app experience prepared for Google Play (PWABuilder) and iOS (Capacitor).

Eco Tour Nepal — Tours & Handicrafts Marketplace | [React](#) · [Node.js](#) · [MySQL](#) · [Socket.IO](#)

[github.com/SalonChand/eco-tour-nepal](#)

- Dual marketplace for tour bookings and handicraft sales with real-time community chat, direct messaging, and a helpdesk widget.
- Hardened security with JWT-authenticated sockets, helmet, rate limiting, scoped CORS, and database connection pooling.

Super App — Social Media Platform | [React](#) · [Node.js](#) · [MySQL](#)

[github.com/SalonChand/super-app](#) · Deployed on Vercel + Render

- Social platform with posts, image galleries, stories, and chat; engineered fully responsive mobile behavior (dynamic viewport handling, fullscreen story viewer, portal-based overlays).

Launcher — Remote PC Control PWA | [Node.js](#) · [Express](#) · [ffmpeg](#)

- iPhone-to-Windows remote control over local Wi-Fi: presentation clicker, file browser, process monitor, live webcam streaming (MJPEG ~15 fps), microphone audio streaming, motion detection, and webcam recording.

Business & Brand Websites | [HTML/CSS/JS](#) · [Firebase](#) · [GitHub Pages](#)

- Designed and shipped complete websites for real clients and brands, including Jacob Unisex Salon (booking, cloud-synced admin panel, staff profiles) and the John Dewey school website with a student project “Scrapbook” featuring in-browser Python/JS code execution.

EXPERIENCE

- **Teaching — 3 years:** classroom teaching experience, including preparing lesson materials and presentations for Computer Science and Mathematics.
- **Graphic Design — 6 months:** freelance graphic design and editing work; 2 years of drawing and painting practice.
- **Independent Development:** designed, built, and deployed multiple production websites and web applications end to end (see Projects).

EDUCATION

Bachelor of Engineering (BE) in Computer Engineering

Himalayan Whitehouse International College, Kathmandu — Expected graduation: 2027

+2 in Science

Morgan International College, Kathmandu — 2080 BS (2023 AD) · GPA 2.90

Secondary Education Examination (SEE)

Cambridge English School, Bardiya — 2077 BS (2021 AD) · GPA 4.0

Basic Level Examination (BLE)

Cambridge English School, Bardiya — 2075 BS · GPA 3.82

PERSONAL DETAILS

Date of Birth: 2004-09-11 · Nationality: Nepali · Interests: Coding, Drawing, Traveling, Music
